It's All About
The MEAT!

You can buy meat anywhere, but it won't be prepared the way Tip Top Meats presents it. Our consistent quality, variety, professionalism, and cutting & trimming is unmatched by anyone else that claims to be a meat market. At Tip Top Meats, everyday it's about the quality and portions at the best price! We are a professional licensed inspected BUTCHER SHOP and sausage making facility! Every day we offer fresh sliced liver, fresh hamburger, and a fine large variety of handmade sausages. By popular demand we have a display of DRY AGED ANGUS BEEF that can be cut into steaks of any thickness to order. Tip Top Meats is proud to be a licensed Certified California Facility for Angus Beef.
